They were about to kill themselves when they were prevented by high ministers of state who rushed in, hustled them out of the palace and into cars. They left the city during a hail of shot, shell and cannon balls, and for days they suffered mental privations. They had not even sufficient to eat, and their clothes were so thin that the cold penetrated every marrow. The edict continued: "It makes our hair stand to think of it even now, when we are living surrounded by splendor, poverty and misery. All this is the fault of our wicked ministers who advised the throne."

SPRINGFIELD, Feb. 19.—A resolution was adopted by the House today providing for the appointment of a committee of five members to investigate the Zion City Bank of Chicago, conducted by John Alexander Dowle, the "faith healer."

MAY NOT BE LAUNCHED.

(BY THE NEW ASSOCIATED PRESS—P.M.) LONDON, Feb. 19.—The afternoon papers follow the morning papers today in opposing military expeditions to the interior of China. The Westminster Gazette says: "If the United States and Great Britain maintain their present opposition to the expedition policy, it is safe to prophesy that an expedition is not likely to be launched in the interior."

MILITARY PREPARING.

MINISTERS WAIT NO. (BY THE NEW ASSOCIATED PRESS—P.M.) PEKING, Feb. 19.—[By Atlantic Cable.] The eight days given the Chinese authorities for the publication of satisfactory edicts cannot, the foreign ministers say, be considered as an ultimatum, as the notice only refers particularly to the cessation of examinations and to the liberty of the governors of the provinces where outrages may be committed.

The military officials fail to see the difference in a series of ultimatums, a single ultimatum covering the entire demands, and ask if the Chinese intend to agree to points during the number of days given, what the ministers intend to do.

In the meantime, the military continue preparations for the expedition, the intention being to send out six columns of troops, two columns leaving Peking, Tien Tan and Pao-Ting-Pu respectively. Field Marshal Von Waldersee believes that eight days are ample for the columns to take with them, as the lines of communication will be open and the express replies will be obtainable.

It is reported on some authority that the present negotiations prove un-

Pichon, had notified the Chinese government of the early return of the French agents to Mongolia and Tien-Nan and demanded that the French Minister at Peking should receive them and express regrets for past events.

The Chinese government, the Minister added, had just replied that a first-class maharajah would be sent to give satisfaction.

Grow, well known among hotel men here, and formerly proprietor of the Catalina Hotel on South Broadway, was accidentally drowned yesterday afternoon at 3 p. m. in Ventura county, while forcing a stream with his wife in a narrow cove. It is said that Mrs. Grow bargued, as she was about to enter the water.

They left here yesterday morning with a team for Santa Barbara, and had been out for about 10 miles when, at 3 o'clock, were received here in a dispatch to the dead man's sister, Mrs. J. H. Grow, who was at the hotel. Her husband at the Catalina Hotel.

Mrs. Grow was 47 years old, and came to this city from Santa Barbara, and with his wife from Vermont. He man-

aged a hotel in Santa Paula for a while, and then had the Catalina Hotel for about a year, disposing of it about two years ago, and since then has been engaged in several occupations. He has no other relatives in the West, other than his wife and sister.
